

BEAUTY IN AU SABLE FORKS

Sep 18, 2018 | 0 🗨️ | ★★★★★

If you thought Au Sable Forks is best known for fly-fishing, motorcycles, and the popular bar/bistro – that could be changing – in a beautiful way. Now you can add dance.

These are photos of a few local North Country dance students. It was my privilege to teach classes in August at the Tahawus Center's Cloudsplitter Studio, following the Onstage program in Lake Placid. It makes us at Rebecca Kelly Ballet very happy to see an abundance of growing skill in our part of the Northern Adirondacks.

I attended the North Country Ballet Ensemble auditions for their annual regional production of Nutcracker Ballet last week at Cloudsplitter. Each of these girls were well cast and an intensive schedule of rehearsals has already begun. Fall rehearsals continue at Cloudsplitter Studio (which is conveniently central to Plattsburgh and Lake Placid, and the many surrounding hamlets where these students live.)
